Curriculum:

We believe that children learn through play. Adults support children and encourage them in all activities but allow them to have their own experiences and learn in a way appropriate to each individual child allowing them to reach their full potential.

At Inspire Day Nursery we follow the Early Years Foundation Stage curriculum (EYFS) which focuses on prime areas and specific areas. The Prime areas consist of; Personal, social and emotional development, Communication and Language and Physical development. These areas begin to develop quickly in response to relationships and experiences, and run through and support learning in all other areas. The prime areas continue to be fundamental throughout the EYFS and Inspire Day Nursery staff are committed to supporting and developing these aspects of your child. The Specific areas include essential skills and knowledge. They grow out of the prime areas and provide important contexts for learning. These areas are; Literacy, Mathematics, Understanding the world and Expressive arts and design. The staff working with the older children are trained to develop the specific areas and we benefit from having our own Early Years Professional that provides regular teaching to ensure all children excel in such skills.

Your child will be assigned a key carer that will create a strong bond with your child, help them to settle in and be responsible for observing, assessing and planning individually for your child.

Meals:

At Inspire Day Nursery we recognise the importance of providing fresh, healthy and tasty meals for your child to keep them going and fuel their learning and natural curiosity. Children are served 3 main meals, Breakfast, Lunch and Tea and are also offered 2 servings of fruit between meals.

Our Menu is well balanced and varied and has been planned with young children in mind. Our 0-9 month old children have their own menu designed around weaning and works in conjunction with foods you introduce at home. Our older babies and children will experience a variety of fresh foods all made on site by our Catering Manager so we can be sure of exactly what your child is being fed.

We will cater for any special dietary needs and have a plate identification system in place to ensure your child is never issued the wrong meal.

Meals are a social occasion and children from 2.5-5years eat in the nurseries dining room. Staff eat with the children and encourage them to become independent and serve themselves and teach social skills like using cutlery properly.

For babies under 1 year we will provide the following formula milk, Aptamil, Cow and gate, Farley's first milk, Hipp Organic and Sma Gold.
